AMERICAN EAGLE 45C SHOWN IN BALTIC GRAPHITE DECOR & CHESTNUT SATIN WOOD CABINETRY
Leaders are like eagles. They don’t flock. You find them one at a time. So it’s only fitting that American Coach chose to name its most iconic Class A motor coach after one of our country’s greatest icons — the American Eagle. Riding on a custom Liberty Chassis®, the Cummins ISX15 delivers the best-in-class 600HP, while luxury is taken to new heights throughout the coach. Beautiful design, intuitive amenities and flawless engineering make this motorhome a rare American luxury.
The 2018 American Eagle is a symbol of luxury, delivering progressive design throughout impeccable interiors. In fact, it’s the infinite details of this motor coach that count. From the automotive-designed dash with French-stitched seams to solid-surface countertops with pencil-edge treatment, the American Eagle makes a statement everywhere you look.
The master suite elevates luxury even further, featuring American Coach’s exclusive Serenity Max Series king mattress with adjustable his and her sections, complete with memory foam and integrated massage. The headboard itself is hand-crafted.

We take pride in every detail of our coaches, right down to the gleam of each paint package, which is why American Coach features its very own custom paint facility at its manufacturing location in Decatur, Indiana. Every coach makes its way through the 125,000-square-foot facility, visiting eight different downdraft paint booth stations to achieve American Coach’s pristine look — an automotive full-body paint with sand and buff high-gloss finish.
Upgrading to the Heritage Package takes your American Eagle to the next level of luxury. This premium upgrade gives you new graphic choices, complete with Heritage Edition emblem, 12” stainless steel trim and painted awning boxes, while presenting you with an elegant virtual window in the bedroom and two choices of ThermoCraft laminated foil cabinetry inside. This package truly gives you the freedom to inspire.

Riding on Confidence

An exceptionally built motor coach should ride on an equally exceptional foundation. The Liberty Chassis features a Freightliner V-Ride™ rear/drive axle for increased sway control and better coach handling. The heavy-duty steel bridge, along with the Freightliner UltraSteer® B-Series tag axle, provides added strength, increased maneuverability and better handling for confident command of the road ahead.

1. The Industry’s Largest Storage
   The Liberty Chassis design creates extreme passthrough basement storage space for taller compartments, easier access and loads of room. American Eagle also features a one-key system for all storage and power door locks with key fob on select doors.

2. ZF Double Wishbone Independent Front Suspension & Premium Sachs® Shocks
   The front suspension features up to 60° wheel cut for unmatched handling backed by the dependability of the ZF name, while custom-tuned Sachs shocks heighten comfort and increase safety.

3. Bendix® Disc Brakes
   Bendix front wheel air disc brakes deliver uniform stopping power and better steering control, while reducing brake fade and stopping noise.

4. V-Ride™ Suspension
   The V-Ride axle suspension features increased towing capacity, allowing you to carry more gear while providing a durable, comfortable ride.
The heart of luxury. The soul of freedom.

AMERICAN EAGLE

SERVICE BACKED BY AMERICAN PRIDE

American Eagle is backed by American Coach’s RV OwnerCare warranty program, a limited one-year/15,000-mile coach warranty and three-year/45,000-mile structural warranty, whichever occurs first. And with each warranty comes a network of trustworthy dealers and regional technical centers ready to get you back on the road.

IMPORTANT — PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.AmericanCoach.com or contact your local American Coach dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. American Coach has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle’s capacities are not exceeded.

DISCLAIMERS

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.*

2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.

3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to American Coach and chassis manufacturer's manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motor homes feature a body width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage. N/A = Not Applicable

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependant on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

†† The Minimum Towable Load of this vehicle is the available weight capacity, up to GCWR, when the coach is fully loaded...
